

Audioslave, Hypnotize

Well if you set your mind to fallin
i know that you can
you got everything you wanted
you've done everything you plan
so let me make an offer
i'm only trying to help
you can make your loan just a little longer
all you got to do is share the wealth

oh no don't you keep your good luck to yourself
oh no don't you keep your good luck to yourself

i know you've got problems
i see it in your eyes
but if you want to live to see the morning
leave it up to your brother or you get a surprise

oh no don't you keep your good luck to yourself
oh no don't you keep your good luck to yourself

yea
yea
oh
yea
yea
yea
oh

well it's time to see
you've got to give or your gonna see
hey it's time to see
you've got to give if you wanna believe
you will breathe
it's time to see

(oh no don't you keep your good luck to yourself)
(oh no don't you keep your good luck to yourself)
