## Audioslave, Lay Your Burden Down

Yeah My shadow stretches far and free Yeah It's telling me what I could be Could be Cause I'm tired Of looking up All the time We'll stand on top of the world Looking down We'll stand on top of the world Looking down Yeah We'll set ourselves apart in time Yeah And then we'll leave it all behind I'll rise Cause I'm tired Of looking out For the line We'll stand on top of the world Looking down We'll stand on top of the world Looking down We'll stand on top of the world Yeah Is anybody here like me? Yeah Can you face the sound And decide? We'll stand on top of the world Looking down We'll stand on top of the world Looking down We'll stand on top of the world Looking down To rise above on our own Looking down
