

# Audioslave, We Got The Better Bomb

Long days and nights you fought for truth  
Gotta hand it to you  
Earth rising pay in foreign blood  
Only to live  
We're gonna hang you up  
You've got balls man

We got to win  
We got a better bomb  
We got to win  
We got to win  
We got a better bomb  
We have to win  
We got a better bomb  
We got to win  
We got to win  
We have the better bomb

Heartache and stuff is all you know  
A slave since your youth  
And only one life to bargain with  
And your song is due  
We're gonna string you up  
You got balls man

We got to win  
We got a better bomb  
We got to win  
We got to win  
We got a better bomb  
We got the whip  
We got a better bomb  
We got the whip  
We got the whip  
We got the better bomb

Fearlessness in the face of death  
Paint it with a smile  
Breathing the fire till the end  
I know I will never be like you man

We got the whip  
We got a better bomb  
We got the whip  
We got the whip  
We got a better bomb  
We got the whip  
We got a better bomb  
We got the whip  
We got a better bomb
