

Audioweb, Soul On Fire

You got me thinking
Of things I used to do with you
And now I have to try
The things I do to carry through
Days pass me by
You tear my soul and leave me cold
Still me thinking
Of what a soul to take this
Set your soul on fire
..... now
Lies all my life
You cared for me and I cared for you
So why do you try
Breakin' through my hold on you
If you paid love
I would steal love
If you paid love
I would steal love with you, with you
Set your soul on fire
You cared for me
I said you cared for me as I, as I
Set your soul on fire
You set my soul
Set your soul on fire
