

August Alsina & Rick Ross, Entanglements

Special moment in history

August

No, waoha

The definitione of entenglement

It's when you'ew tangled in the sheets

Girl i know that we don't call it a relationship

But you're still fuckin' with me

entenglement Is when you in them the sheets

entenglement Is when you're tangled up with me

entenglement (ten numbre one it's the biggest)

is when you're getting in too deep

tangled up with mahr2XagmWEMe

tangled in them the sheets

Shawty lanin' on my shoulder

Got her questionin' my willpower

Jaded by her beautym, but her reputation real solid

Mornin; down the hallway

I can tell you how i feel about it

Caught up in the Matrix

And i doubt if i can get up out it

Come on, come on

Livin; liek there;s no tomorrow

Met your boy with open arms

Tell you all my darkest stories

Promise that you won't depart

Keys oy oer forty cars, left me with abroken heart

Still i gotta get around , favourite artist was 2PaC

Watch a movie, then we freak it

Do this shit like every weekend

Guess i am just her little secred

Come on, come on

Entanglement is when a man'll lick untou you tremble

Saddest part is i still love you

Just to keep it simple

I'm bein' hinest baby

Don;t want no string attached

You just want a nigga that's gon' break you back

I am half?

No , i ain't bout to play with that

You left your man to fuck with em

Just to pay hi back

Don;t you knoq that's cold hearted?

Once you gone , no comin' back

Girl, you fuckin' with a youngin;

I be doin; shit you like

Don;t do talkin; when you i see you

All your hear's love sounds

Goin; round for round

You want a nigga that take you donw

(this a special bond but it ain't true)
