

Augusta Trebeschi, Come on and do it

Let me tell you what I think about the last night
Let me tell you what it means to loving you
Let me show you the right way to be mine
Just the way you look tonight
You make me love you.

Chorus:

Come on and kiss me
Come on and love me
Come and do it do it very slowly.
Come on and kiss me
Come and love me
Come on and do it do it very slowly.

Let me tell you what I think about the last night
Let me tell you what it means to make love with you
Let me show you the right way to be the one
Just the way it look tonight it make me
