

Aura, Treding On Thin Ice

(Aaron Nordquist)

After you ended what we had
Even though things weren't that bad
I thought love was just a game
Tailor made for the insane
But now when I look into your eyes
I begin to realize; I need you

Chorus

I know I could be treading on thin ice
I remember any day with you was paradise
I need to know if you feel the way
I feel about you today
When I lost you I almost lost my mind
My head was spinning when you left me far behind
We used to stay up to watch the dawn
My love for you still lingers on
I know I could be treading on thin ice
I remember any day with you was paradise
I need to know if you feel the way
I feel about you today
My heart and I agree, I wanna hold you tight
And be with you all through the night
All the stars are up in the sky
Except the ones lit up in your eye
I know I could be treading on thin ice
I remember any day with you was paradise
I need to know if you feel the way
I feel about you today
