

Aurea, Okay Alright

it's time to take a deep breath
close your eyes and let yourself go
slow

there's a long and open road
laying on my way now
i don't need to stop and think about it
'cause my heart will guide me through

you don't need to promise me the moon
just sit with me and watch the moonlight
then every little star will sing this song
and if you feel good, come on
just sing along

i'm okay, i'm alright
i got good feelings on my mind
i'm okay, i'm alright
with you (bis)

love is like a tiny sparrow
you can't hold it on a cage no no you can't
it flies free through the morning breeze
only guided by a wild warm heart

'cause you don't need to promise me the sky
just sit with me and watch the sunrise
set yourself free and breathe deep inside
and while you do that, come on
just sing along

come on now

i'm okay, i'm alright
i got good feelings on my mind
i'm okay, i'm alright
with you (bis)

i'm okay
i'm alright

i'm okay, i'm alright
i got good feelings on my mind
i'm okay, i'm alright
with you (bis)

i'm okay
i'm alright
i'm okay
i'm alright
i'm okay
