

# Aurora, Forgotten Love

can you tell if I'm cold  
if I'm out of daydreams  
if I lose what is loved?  
will a new love await me  
I am touched by wonder  
when I am blind in the dark

but you drown me in a daylight  
don't swim with me darling  
I prefer the sound of you  
when you are away

if I am left with a rose in my hand  
It it die  
it's the beauty in forgotten love  
and I don't care if you don't understand why I cry  
it's the beauty in forgotten love

I forgotten how emotions dance when they aren't inside of me  
I forgot how the Sun feels when she isn't around me  
and my dreams become sweet when something is missing  
I'm in love with the hunt itself  
it makes me feel alive, alive

if I am left with a rose in my hand  
It it die  
it's the beauty in forgotten love  
and I don't care if you don't understand why I cry  
it's the beauty in forgotten love

I release my body and there is no ghost of you inside my mind  
I am moving on and thank God you let me try  
you are the reason I can dance  
whitin the fire of goodbyes of goodbyes  
I can lie in the dark room without the feeling that I'm lonely

if I am left with a rose in my hand  
It it die  
it's the beauty in forgotten love  
and I don't care if you don't understand why I cry  
it's the beauty in forgotten love
