

# Aurora, Two Dice And A Silent Disguise

(Music: Vestergaard - lyrics: Frolund)

(Solo: Vestergaard)

Do we know him well  
Can he truly tell  
Can he say he knows my name  
Does he know who to blame  
Can he see behind his mask  
Does he know his task  
Does he fear the life he leads  
Will he walk where I do not know  
A place I'd like to see and show  
To view the world far and wide  
A place where he can replace his long lost life  
Do we see the thousand tears  
he has shed through all his troubled years  
The times that he was left alone  
Never to see what he had been show  
Is all he has enough to last  
or will he need two dice to cast  
Does he love what life denies  
Will life succed his selfless tries  
Or will he fall into a new disguise  
Beyond this cold life

(Solo: Broberg/Vestergaard)
