

Aurora, You

So here I stand
In no-man-land
With a sun
In my hand
Which sparkles with
Your dead beams
Through moons creek
No...you can't run you can't crawl
Through the life you (once) adored
Eventhough pain is too strong
A
Sun is burning
Ever eternal
Infernal burning
Dangerous mad
Forever screwed
Remind me of you
No...you can't run you can't crawl
Through the life you (once) adored
Eventhough pain is too strong
A

(her devilish soul)
What is the healing of life if life is pointless
What is the meaning of life if we are lim

...you break me!!!
