

Aurynic, Winters End

(I'll see you in hell)

Collectively I gain my head and recover from this bed, how do you live with yourself?

Can you hear me, screaming louder everytime.

Can you hear me, 36 ways to end your life.

Disrespectfully you fucked mine, and I assure, I am coming for you, yes I am coming, yes I am coming

Can you hear me, screaming louder everytime.

Can you hear me, 36 ways

TO END YOUR LIFE

Take from me everything that gets me by

And now my friend I assure you will die, yes I will see you yes I will see you in hell

Can you hear me, screaming louder everytime.

Can you hear me, 36 ways to end your life.

Why why why god help us all
