

# Aus Rotten, Apathetic

Do you accept what you see  
Don't you know how they shit on you  
Is it okay it happens everyday  
Happens every day  
Is it just another day  
Do you accept what you hear  
Don't you know the shit they feed you  
Is it because they're so called leaders  
And they're richer than you  
Is it just another day  
Do you accept what you feel  
Don't you know they try to control you  
Is it okay that you have no future  
And you're so damn scared  
Is it just another day
