

Aus Rotten, Apathetic

Do you accept what you see
Don't you know how they shit on you
Is it okay it happens everyday
Happens every day
Is it just another day
Do you accept what you hear
Don't you know the shit they feed you
Is it because they're so called leaders
And they're richer than you
Is it just another day
Do you accept what you feel
Don't you know they try to control you
Is it okay that you have no future
And you're so damn scared
Is it just another day
