

# Austin Mahone, Dirty Work

Rolling my sleeves up in here  
Make you smile ear to ear  
Girl I been hitting that, hitting that graveyard shift  
You won't find another one built for this  
Dirty work, ooh  
Dirty work  
Baby I don't need your help  
I'd do it all by myself  
Girl I been putting in, putting in over time  
You ain't gotta tell me what's on your mind

Dirty work, ooh  
Dirty work  
Cause when you do what you love  
You're gonna love what you do  
You know I do it with love  
Each night I do it for you

It's the dirty work  
Somebodies gotta do it  
Dirty work  
So we're getting into it  
Dirty work  
Go and get your body moving  
You know it ain't no nine to five  
We're going sundown to sunrise  
Dirty work  
Dirty work

I'm filthy down to the core  
Leave all your stress at the door  
You know you need to stop scrubbing with Mr. Clean  
Bring it right here, come next to me

Dirty work, ooh  
Dirty work  
Cause when you do what you love  
You're gonna love what you do  
You know I do it with love  
Each night I do it for you

It's the dirty work  
Somebodies gotta do it  
Dirty work  
So we're getting into it  
Dirty work  
Go and get your body moving  
You know it ain't no nine to five  
We're going sundown to sunrise  
Dirty work  
Dirty work

Cause when you do what you love  
You're gonna love what you do  
You know I do it with love  
Every time I'm with you

It's the dirty work  
Somebodies gotta do it  
Dirty work  
So we're getting into it  
Dirty work  
Go and get your body moving  
You know it ain't no nine to five

We're going sundown to sunrise  
Dirty work  
Dirty work
