

# Austin Sherrie, That's No Way To Break A Heart

Austin Sherrie

Words

That's No Way To Break A Heart

You waltz into the room

Just like you never left

And for a moment or two

I could almost forget

You take me in your arms

And I fall again

That's no way to break

a heart

You call my name

I drop my guard

Why can't you play

your chosen part

And stay away

so I can make another start

That's no way

to break a heart

Weren't you supposed

to need

Something I could not give

But now you're lying

so close to me

And you're taking

everything

I can't hold on forever

For nothing more than this

Chorus

No don't touch me,

don't you kiss me

Don't you realize

That's no way

to say goodbye
