

Autamata, I Spy

What you got for me in your bag?
Is it the happy that you bring?
And in that pocket with its chain
Is that a very good thing
I spy?

You look like a long time
You look like
Get to know me tonight

Now get to know me
Tonight, take it slowly

Keep it real

Know that time will take care of us
Now we know that there is no rush
To close the deal, I will seal our
Mouths with a kiss
We can hold onto this and keep it real
