Now I'm A Cowboy

Shes going downtown  
But she comes from uptown  
Where the brokers and the dealers socialise  
Shes going downtown  
Cos shes a poet  
And the chinese bakerys open all night

Toulouse lautrec called up today  
Said its rock nroll anyway  
Excuse me while im tearing off your head  
Epiphany just went to ground  
The three men just cant be found  
The underground just shook its weary head

She said shes gonna show me around  
The chinese bakery thats open  
Twenty hours

Shes going downtown...

Got a roller coaster in my head  
You press the button - ill eject  
Your present is just somebodys past  
Dont blink, pinch me twice  
Just seen bob dylan on a motorbike  
I dont think this relationship will last

She said shes gonna show me around  
The chinese bakery thats open  
Twenty hours  
Shes going downtown...  
And the chinese bakerys open all night
