

# Autolux, Turnstile Blues

My thoughts take me downtown  
change up at the turnstile  
go blind in the traffic  
i go about it the wrong way  
so what

see both pennies landed  
they jumped where the sky scrapes  
one's heads  
one's blind  
I'm yours  
and you're over  
now change

get caught on the weak end  
you're gone and now we fade  
your mind makes me nervous  
your thoughts make me feel bad  
it's all right  
it's all right

shake shake shake shake  
shake shake  
the clouds out  
shake shake  
the stars down  
shake shake  
it downtown

I brace myself  
to fall in place  
over you  
over you

shake shake shake shake  
shake shake  
the clouds out  
shake shake  
the stars down  
shake shake  
it downtown

now you can see yourself

so what  
it's alright  
so what  
it's alright
