Automatic, Raoul

Our ambition got cast aside Thrown away when the batteries died And you'll start to compromise Just to get to the other side

But, it's always for the best And if you're not convinced Then you'll get left behind I lost, interest

CHORUS * 2 It doesn't seem like you mean it I don't believe, that you believe it And it feels like running with your eyes closed

If you forget what you're supposed to be

Let's go see Raoul Let's make a stand Let's go see Raoul For all the ones who Let's go see Raoul Used to give a damn Let's go see Raoul Working over time

Our ambitions got cast aside Thrown away when the batteries died And you'll start to compromise Just to get to the other side

CHORUS * 2

Let's go see Raoul * 4 In the family place Let's go see Raoul * 6

CHORUS * 2

Let's go back to work (Repeats until end of song)
