

Automatic Smiles, Tell Do You Still Love Me

(Paul: 1 verse)

The last time, when you came to me
You don't say nothing
We been a silence and I wonder why
I felt crying a heart 'cause you not were earlier
I missed to you though don't knew about it
You didn't give your smile
Am I quilty

(Paul: chorus)

Tell do you still love me
Do something changed
Maybe it's all happened too fast nooo
Waiting and waiting constantly
Do you call to me
I can't be found without you

(Peter: verse)

This a last evening when you leave
Remember that I couldn't sleep
I thought of common times spend together
I missed for your company feel that something changed

(Alex: verse)

But my heart whispers have to fight
I fall don't knowing
Do you want me yet tell

(Peter, Paul, Alex: chorus)

Do you still love me
Do something changed
Maybe it's all happened too fast nooo
Waiting and waiting constantly
Do you call to me
I can't be found without you

(Paul: prelude)

Tell do you still love me

(Peter: prelude)

Do I have any changed

(Paul: prelude)

Fix our affection

(Alex: prelude)

Only tell one word

(Peter, Paul, Alex: chorus)

Tell do you still love me
Do something changed
Maybe it's all happened too fast nooo
Waiting and waiting constantly
Do you call to me
[I can't be found without you]

Tell do you still love me

[Me yeah]

Do something changed

[Do something changed]

Maybe it's all [oh] happened too [too ast fast] nooo [oh I'm waitin' I'm waitin' waitin'waitin' to today]

Waiting and waiting constantly

Do you call to me

I can't be found without you

(Paul: outro)

(Peter: outro)
