The sound of rhythm you give me energy...

Yeah, oh baby

I see that you smile and think of myself  
Maybe it's any destiny show me right  
That I can't find I wanna know  
It's around me and you'll be part of it  
You turned my head  
Sense of humor that you got it not allows me  
Thinking about nothing other  
Just song can explain that what I can't tell

(Chorus)

The sound of rhythm  
You give me energy  
It makes fun and boom!  
I'm feeling like flyin' flower with you

You come and imitate the beat  
Thank you, feel it
