Ava Max, Get Outta My Heart

(I know-oh-oh, I know what you did last summer, summer)

Oh some days I trust you But these days it's hard Oh some nights I love you And that's the hardest part, oh

It was nice to know ya, uh But it hurts to know, oh What you did last summer And I can't let it go

Get outta my head
Get outta my car
Get outta my bed
Get outta my heart
You've run up your tab
You took it too far
So pack up your bags
Get outta my heart, heart, heart
(I know-oh-oh-oh, I know what you did last summer summer)
Get outta my heart
(I know-oh-oh-oh, I know what you did last summer summer)
Get outta my heart

Oh some days I miss ya But most days I won't Oh some nights I wish ya Could kiss me one more time for the road

It was nice to know ya, uh But it hurts to know, oh What you did last summer And I can't let it go

Get outta my head
Get outta my car
Get outta my bed
Get outta my heart
You've run up your tab
You took it too far
So pack up your bags
Get outta my heart, heart, heart
(I know-oh-oh-oh, I know what you did last summer, summer)
Get outta my heart
(I know-oh-oh-oh, I know what you did last summer summer)
Get outta my heart

(I know, I know, I know what you did last summer) (I know, I know, I know what you did)

(Last summer)get outta my head Get outta my car Get outta my bed Get outta my heart You've run up your tab You took it too far (you took it to far) So pack up your bags Get outta my heart, heart, heart, oh
