

# Ava Max, Last Night On Earth

Ugh  
Dancing cuts are needed  
Following the neon lights  
I'm on the ceiling  
I'm leaning  
And you oh  
Can't control your feelings  
Ugh huh  
Following me close behind  
So you've been lonely, so lonely

So let's go  
'Cause we can live forever  
So show me how to love  
Like it's the last night baby  
Like it's the last night baby  
So let's go  
Do it now or never  
And show me how to love  
Like it's the last night baby  
Like it's the last night on earth yeah yeah

Oh oh oh oh oh oh oh oh oh oh  
Like it's the last night baby  
Like it's the last night on earth yeah yeah  
Oh oh oh oh oh oh oh oh oh oh  
Like it's the last night baby  
Like it's the last night on earth

Drive oh yeah  
Take me to the edges oh, oh  
I want a front-row seat for the shore  
Before it all goes down, so hold me close, oh

So let's go  
'Cause we can live forever  
So show me how to love  
Like it's the last night baby  
Like it's the last night baby  
So let's go  
Do it now or never  
And show me how to love  
Like it's the last night baby  
Like it's the last night on earth yeah yeah

Oh oh oh oh oh oh oh oh oh oh  
Like it's the last night baby  
Like it's the last night on earth yeah yeah  
Oh oh oh oh oh oh oh oh oh oh  
Like it's the last night baby  
Like it's the last night on earth

Say you'll, say you'll be there  
When it all comes crumbling down, down, down, down, down  
Say you'll, say you'll be there  
When it all comes crumbling down, down, down, down, down, oh

Like it's the last night baby  
Like it's the last night baby  
Show me how to love  
Like it's the last night baby  
Like it's the last night on earth  
Like it's the last night baby  
Like it's the last night baby

Like it's the last night baby  
Like it's the last night on earth
