

# Ava Max, Million Dollar Baby

I'm hiding in the shadows  
Praying that she'll break free

In the dark of the night  
She got danger on her mind  
She's a million dollar baby  
Nobody can explain it  
She's a miracle  
She's a miracle, oh, oh, oh, ooh

She broke out of her chains  
Turned the fire into rain  
She's a million dollar baby  
She's bound to drive me crazy  
She's a miracle  
She's a miracle, oh, oh, oh, ooh

Heart broke, oh, you can't keep her down though, oh
