

# Avail, Nameless

should have left that attitude  
back at home  
center of attention  
throughout tension  
begging for respect  
through the unsaid  
resorting to disruption  
when you hate something  
should have left that attitude  
back at home  
striving to dominate  
to feel safe  
showing your strength to  
the unknown  
you probably won't quit  
when you hurt someone  
what the hell are you fighting for  
i hope that it's something that you really believe in  
'cause someone got a fist in their face  
because your feeling weak  
and your causing all these problems  
that nobody needs  
don't forget that you're all alone  
you've got no good reason  
it's just an attitude
