

Avalon, Beyond The Clouds

I've been there before
I've been where you are
Blinded by the tears in my eyes
You see no way out of your fears and your frustration
You find yourself believing the lies

You've got a friend
Who won't give up on you
And I know
You're gonna make it through

Beyond the clouds
The sun is shining
Beyond the storm
The sky is blue
Beyond the rain
Hope is waiting
I'll be there for you
I'll be there for you

When you're left alone
Don't know where to go
And nothing is the way that you've planned
Oh, you want some proof
That there'll be a happy ending
Something you can hold in your hands

I understand
The pain is in your eyes
But just hold on
It's gonna be alright

You were never meant to do this alone
Then I'm by your side when you feel alone
Beyond the clouds
