

# Avalon, The Painting

A sleepless night  
Near my river that flows  
I'm longing to see your face

The winds are so high  
As I start to shiver  
And the clouds fade away

(chorus:)  
Embrace me please  
And let my dream come true  
You are the vision in my painting in the sky  
Over my land

And your beauty shines  
When the moon surrounds me  
Makes me feel so insecure

Can't you feel my pain  
As I'm reaching out for you  
And it's driving me insane

(chorus)
