

# Avant, My First Love

Silhouette, of a perfect frame,  
Shadows of your smile, will always remain (Will always remain).  
Beginners love, soon fades away (Oh Baby)  
We go on...  
I Will long as...

(Long as I live)  
Long as I live, you will be my, (my first love).  
Oh baby you and only you.  
(Long as I live)  
Long as I live (my first love) you will be my first love.  
And I choose you again.

I'm keeping no Candy-Coated Valentine,  
Memories of you, you when you were mine.  
A tarnished ring on a tarnished chain,  
Times keep changing come sun or rain.

(Long as I Live)  
Long as I live, you will be (my first love)  
My first love and my only love.  
(Long as I live)  
Long as I live,(my first love).  
Ohhh, you will always be my,  
Oh, be my first love.

(Long as I Live)  
Long as I live, you will be (my first love)  
My first love and my only love.  
(Long as I live)  
Long as I live,(my first love).  
Ohhh, you will always be my,  
Oh, be my first love.

A tarnished ring on a tarnished chain,  
Avant:

(Long as I Live)  
Long as I live, you will be (my first love)  
My first love and my only love.
