

# Avantasia, The Story Ain't Over

Rousing from dreams, craving for someone  
Wept himself to sleep  
He's waiting for a sign from above  
Where is the love

The hourglass in pieces, dashed to the wall  
The future is over  
Tomorrow's been slipping away  
And nothing remains

He'd know it won't last forever  
She'd go ahead for a while

When you open your eyes  
When you gaze at the sky  
When you look to the stars  
As they shut down the night  
You know the story ain't over

When you open your eyes  
When you gaze at the sky  
When you look to the stars  
As they shut down the night  
You feel the story ain't over

Where is the candle in this lonesome night?  
Angel why are you so wayward  
Abandoning me, try my belief

Where life is not words  
and tongue is not answers  
And we only can't see a reason  
why would it mean  
that it's not meant to be

He'd know it won't last forever  
She'd go ahead for a while

When you open your eyes  
When you gaze at the sky  
When you look to the stars  
As they shut down the night  
You know the story ain't over

When you open your eyes  
When you gaze at the sky  
When you look to the stars  
As they shut down the night  
You feel the story ain't over
