

# Avatar, Cruel and unusual

Nailed unto the wall  
What is it you want?  
Wait we're not alone  
How did I end up here?  
(Hey, how are you doing?) Someone at the door  
Cancel all my calls  
Coming at you now  
Coming down with vengeance

Fingers down the drain Give in to the urge  
Hurt me if you can  
Can I have your sickness? (Wait, what are you doing?)  
Play with your restraints  
Find your inner peace  
Sharpening your blade  
Lovers trading vengeance

Feels like drowning  
Feels like choking  
I told you I don't want to forgive you

You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual

Touching broken glass  
Slowly growing claws  
Enemies at last  
Everything's aligning  
(This is all your doing)  
Spit into my mouth  
Break me like a doll  
Bring your pain to life  
Hollow, pointless vengeance

You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
Cruel and unusual  
Cruel and unusual  
Cruel and unusual

Nail me to the wall  
Give me what I want  
Finally alone  
How did we end up here? (Hey, how are you doing?)

Don't open the door  
Don't answer the call  
Coming at me now  
Coming down with vengeance

Feels like drowning  
Feels like choking  
I told you I don't want to forgive you

You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual  
You sick fuck  
So cruel and unusual
