

# Avatar, Night Of Demonic Worship

The calling of the four elemental powers  
hate rises in the sky  
Blood flows over my cold body  
this is my covenant with...Satan

Demons possess my black soul  
Demons let my powers grow

I awake from Hell  
On Jesus Christ I plant a Spell  
Dragon God arise  
in the shadow of my eyes  
Demons possess my black soul  
Demons let my powers grow  
Ending the ritual burning the crucifix  
To present my aggression against Jehovah  
Now the ritual is ended and I leave my pentagram  
Every ritual is a step into the Abyss of hell  
Where the Ancient Ones lie in wait  
To rule this earth once more!

Demons possess my black soul  
Demons let my powers grow  
Demons possess Demons possess  
Demons possess My...black...Soul!!
