

Avenged Sevenfold, Buried Alive

Take the time just to listen
When the voices screaming are much too loud,
Take a look in the distance
Try and see it all
Chances are that ya might find,
That we share a common discomfort now
I feel I'm walking a fine line
Tell me only if it's real
Still I'm on my way (on and on it goes)
Vacant hope to take
Hey - I can't live in here for another day
Darkness has kept the light concealed
Grim as ever
Hold on to faith as I dig another grave
Meanwhile the mice endure the wheel
Real as ever
And it seems I've been buried alive
I walked the fields through the fire
Taking steps until I found solid ground
Followed dreams reaching higher
Couldn't survive the fall
Much has changed since the last time
And I feel a little less certain now
Ya know I jumped at the first sign
Tell me only if it's real
Memories seem to fade (on and on it goes)
Wash my view away
Hey - I can't live in here for another day
Darkness has kept the light concealed
Grim as ever
Hold on to faith as I dig another grave
Meanwhile the mice endure the wheel
Real as ever
And I'm chained like a slave, trapped in the dark,
Slam all the locks, death calls my name
And it seems I've been buried alive
Take you down now, burn it all out
Throw you all around, get your fin' hands off me
What's it feel like? Took the wrong route
Watch it fall apart now you're knockin' at the wrong gate!
For you to pay the toll, a price for you alone
The only deal you'll find, I'll gladly take your soul
While it seems sick, sober up quick
Psycho lunatic crushing you with hands of fate
Shame to find out, when it's too late
But you're all the same trapped inside inferno awaits
Evil thoughts can hide, I'll help release the mind
I'll peel away the skin, release the dark within
This is now your life,
Strike you from the light
This is now your life,
Die buried alive
This is now your life
Strike you from the light
This is now your life,
Die buried alive
This is now your life,
Die buried alive
