

# Avenged Sevenfold, Carry On

Some people live that selfish desire  
Some choose to shout when they speak and they'll be the start  
Caught in the flame of those deep in fire  
Seeking out those with a voice  
One for tomorrow

They say we've lost our minds, we've just gained control  
Search endlessly, fight till we're free  
Fly past the edge of the sea  
No bend in me, no mockery,  
Somehow we still carry on

(fear, fear, fear, fear, fear, fear)  
Silence your fear, we've got to move higher,  
High like the stars in the sky  
Guiding us all  
Battle the will of those who conspire,  
Take back the passion to live, vanish the sorrow

Destroys their perfect crime, watch the power fold  
Search endlessly, fight till we're free  
Fly past the edge of the sea  
No bend in me, no mockery,  
Somehow we still carry on

Search endlessly, fight till we're free  
Fly past the edge of the sea  
No bend in me, no mockery,  
Somehow we still carry on  
Carry on
