

# Avenged Sevenfold, Clairvoyant Disease

Dust begins to fall, to the ground  
The air is cold and thin  
Thoughts are haunting me as I look around  
This will never end and I'll bleed forever

Don't acknowledge right, just dwell on wrong  
This spot in hell's where I belong  
I've come so far- it's been so long  
Don't know why it started or where it came from

Outside shell is strong- confident  
But slowly eats away  
Like a man plagued with disease, I try to fight  
through my pores it seems to seep...  
when I'll bleed forever

Don't acknowledge right, just dwell on wrong  
This spot in hell's where I belong  
I've come so far- it's been so long  
Don't know why it started or where it came from

And you sit there and do nothing  
You're content with doing nothing

There's nowhere to run and hide  
when you're living to die  
Stuck alone inside your head,  
better off dead  
The phone would ring in the empty house,  
no one's around.

But in my life, I wanted more, I needed more  
I taste more
