

Avenged Sevenfold, Fiction

Now I think I understand, how this world can overcome a man
Like a friend we saw it through, in the end I gave my life for you
Gave you all I had to give, found a place for me to rest my head
While I may be hard to find, heard there's peace just on the other side
Not that I could or that I would, let it burn, under my skin, let it burn
Left this life to set me free, took a piece of you inside of me
All this hurt can finally fade, promise me you'll never feel afraid
Not that I could or that I would, let it burn, under my skin, let it burn
I hope it's worth it, out on the highway, I hope you'll find your own way when I'm not with you
So tell everybody, the ones who walked beside me, yeah
I hope you find your own way when I'm not with you tonight
I hope it's worth it, what's left behind me, yeah
I know you'll find your own way when I'm not with you
So tell everybody, the ones who walked beside me, yeah
I know you'll find your own way when I'm not with you tonight
