He told, I heard, you said it's true  
He said, she read, you heard, I said  
He read, she heard, you said, I read

He said, you heard, we trusted you  
He said, she read, you heard, I said  
He read, she heard, you said, I read

And we all trusted - it is true  
He said, she read, you heard, I said  
He read, she heard, you said, I read

And we just keep on trusting you  
He said, she read, you heard, I said  
He read, she heard, you said

Everybody lives as they are told  
Everybody lives as they are told  
Everybody lives as they are told  
Everybody lives as they are told

He said, she read, you heard, I said  
He read, she heard, you said, I read  
He said, she read, you heard, I said  
He read, she heard, you said, I read  
He said, she read, you heard, I said  
He read, she heard, you said, I read  
He said, she read, you heard, I said  
He read, she heard, you said, I read

He said, she read, you heard, I said  
He read, she heard, you said, I read

And we just keep on trusting you  
He said, she read, you heard, I said  
He read, she heard, you said

Everybody lives as they are told  
He said, she read, you heard, I said  
He read, she heard, you said, I read

Everybody lives as they are told  
He said, she read, you heard, I said  
He read, she heard, you said, I read

Everybody lives as they are told  
He said, she read, you heard, I said  
He read, she heard, you said, I read

Everybody lives as they are told  
He said, she read, you heard, I said  
He read, she heard, you said, I read
