

Avenue D, Donkey Punch

Got a new dance, real easy to do
just take off your pants and watch my crew
if you do it tonight you might get laid,
if you do it right, hell you might get paid
first off, all you hoes and skanks
turn around, bend over, grab you ankles
wave that ass up in the air,
shake it real fast like you just don't care
now someone else who's tough and strong
go rub that ass up with you dong
make sure she can feel your boner
later you won't be a loner
rub it up and down 'till you both start creaming
extra points if you got her screaming
and when your dick starts turning red
punch that bitch in the back of the head
chorus:

Donkey Punch

D-D-Donkey Punch

yea make me taste my lunch

I wanna Donkey Punch

Fellas come up from behind

grab that ass and start to grind

whack your meat on my back seat

while I bend and grab my feet

riding smackin' it

all the boys attackin' it

pinch a punch a bang your wang

to the back of my head to my pootie tang thang

go pow pow put my face on the floor

at my pie and backside

and take me for a donkey ride

chorus

gotta decide are you the head or the tail

do you wanna ride or are you getting nailed?

baby grab me by my ponytail

and slide your hide up in my backside

ride these thighs until I'm crosseyed

I'm dignified, but I like to freak

and I got technique to make your knees weak
