

# Average White Band, I Just Cant Give You Up

Got a message here that I hope you'll understand  
When I met you keepin' my distance was the plan  
But hey, I never thought you'd get to me this way  
I got you - and that's good

I was so scared that I would fall for you at first  
Holding back with my love just trying to gain your trust  
But now I'm not ashamed to say that  
you've got my love in your pocket  
And I'm hooked - can't you see

I just can't give you up  
'Cause I got you in my blood  
I just can't give you up  
'Cause I got you n my blood

I got to let you know that you really  
got a hold on me  
I'm hooked can't you see

I just can't give you up  
'Cause I got you n my blood  
I just can't give you up  
'Cause I got you in my blood
