

Average White Band, Living On Borrowed Time

Girl, I can't believe it comes to this already
We turned back the hands of time
Always tried to give you love and be real steady
But something else is on your mind
Because we're Livin' on borrowed time
Livin' on borrowed time with you
Livin' on borrowed time
aah,aah, you know we're
Livin' on borrowed time
Livin' on borrowed time - aah, aah
The things you do, the words you say, to keep me guessing
But I just can't give up the fight, no
Sometimes you have to lose a lot to learn a lesson
It's not too late to see what's right...an' now we're
Livin' on borrowed time with you
Livin' on borrowed time
aah,aah, you know we're
Livin' on borrowed time
Livin' on borrowed time - aah, aah
