

# Avicii, Superlove (feat. Lenny Kravitz)

I want you  
All of you  
Can we break through?  
And start anew?

I want your superlove  
I wanna be inside your superlove  
I need the spirit with the sexual  
I'm gonna be inside your superlove

We both know  
The way to go  
Let's take a chance  
It's our last dance
