

Avril Lavigne, Avalanche

I keep tryin' just to make it
To to end of the day, you know I hate it
Been lyin', my body's achin'
What do you do when the hero needs savin'?

Honestly, I can't shake it, shake it, shake it
Yeah, honestly, I can't take it

I say that I'm just fine, but I don't feel alright on the inside (Alright on the inside)
I say that I'm okay, that I don't feel okay right now, no
I've been slippin' and slidin', my world's getting colder
I'm tired of lookin' over my shoulder
Tonight, I don't feel alright on the inside
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
And I'm not okay, I'm not okay, no

I feel too much, my blood is rushin'
Ask about me, I'm quick to change the subject
I tell the truth but get interrupted
I wish my life would've came with instructions

Honestly, I can't shake it, shake it, shake it
Yeah, honestly, I can't take it

I say that I'm just fine, but I don't feel alright on the inside (Alright on the inside)
I say that I'm okay, that I don't feel okay right now, no
I've been slippin' and slidin', my world's getting colder
I'm tired of lookin' over my shoulder
Tonight, I don't feel alright on the inside (Alright on the inside)
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
I'm not okay, I'm not okay, no

Whoa-oh-oh
My heart is racin'
Su-su-suffocating
I'm slowly fadin'
Su-su-suffocating

I say that I'm just fine, but I don't feel alright on the inside (Alright on the inside)
I say that I'm okay, that I don't feel okay right now, no
I've been slippin' and slidin', my world's getting colder
I'm tired of looking over my shoulder
Tonight, I don't feel alright on the inside (Alright on the inside)
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
Whoa-oh-oh, whoa-oh-oh
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
It's like I'm runnin' from an avalanche
Whoa-oh-oh, whoa-oh-oh
Hey
