

Avril Lavigne, Bump

So I was drivn' down the road
Nothin' in the air
I figured this little ride
needed some flair
So I park by the street
next to Mickie D's
and some low-life bitch
comes up and bumps up
my back seats
[CHORUS:]
Snap, snap, snap!
Oh!
What'cha think you be doin'?
(Da-da-doin'?!)
Smashin' my ride,
can't you see that gash
almost all the way to the side?
Bump this, bump this
(Yeah, bump it!)
What'cha think ya doin'?
Blind people smashin' up my ride
really is a lag!
Bump this, bump this!
[/CHORUS]
The solution here is
that you blind fool
needs some mo' school
to fix them damn eyes
why ya lookin' so sad
I'm the only one that should be mad!
[CHORUS]
Nothin', nothin' will fix this
(I'm so sad!)
You messed up my ride,
my transportation thing is now a lag
(I'm so f**kin' mad!)
No repsect
(No respect)
You're flippin' me off
(Cool down, cool down)
But my ride...
[CHORUS-x2]
{guitar solo}
Yeah!
