

Avril Lavigne, Lets Get Weird

She said, "I know that you like it like this, like oh my God, it's super sonic"
Tell me you want it like this all day
'Cause I'm not afraid to flaunt it, that I'm a lot, a primadonna
I'm multifaceted, okay?

I like the way you move, I like the way you taste
I like the way we fight, the way we misbehave
I like the way you lie, I like the way we rage
I like the way you talk, the dirty things you say

Let's get weird when the sun goes down
When the freak comes out
Na na na na na na, na na na na
Because you make me come alive
Sitting on cloud 9
Na na na na na na, na na na na

You're batshit crazy, that's fuckin' amazing
We're out of our minds, so let's get out of here
So let's get weird when the sun goes down
And the freak comes out
Na na na na na na, na na na na

There's somethin' about you, you're psycho, superdelic, has me yellin'
I'm feeling like I'm up in outer space
It's like you're robotic, neurotic, I'm hypnotically about it
I wouldn't have it another way

I like the way you move, I like the way you taste
I like the way we fight, the way we misbehave
I like the way you lie, I like the way we rage
I like the way you talk, the dirty things you say

Let's get weird when the sun goes down
When the freak comes out
Na na na na na na, na na na na
Because you make me come alive
Sitting on cloud 9
Na na na na na na, na na na na

You're batshit crazy, that's fuckin' amazing
We're out of our minds, so let's get out of here
So let's get weird when the sun goes down
And the freak comes out
Na na na na na na, na na na na

I don't need much at all just da di da
La da di da ba da pa da, pa da pum
I don't need much at all, just you and me
You and me

Let's get weird when the sun goes down
When the freak comes out
Na na na na na na, na na na na
Because you make me come alive
Sitting on cloud 9
Na na na na na na, na na na na

You're batshit crazy, that's fuckin' amazing
We're out of our minds, so let's get out of here
So let's get weird when the sun goes down
And the freak comes out
Na na na na na na, na na na na
