

# Avril Lavigne, Not Today

Can't Stand the Fact  
You just turn your back  
Who cares how I feel  
Who knows what to say  
Just Turn your back  
Walk away  
I dont need this  
Not today  
You walk away  
You dont care what I say  
Nothing can change your mind  
I'm sick of feeling this way  
Just turn your back  
Walk away  
I dont need this  
Not today  
Not today  
Stop the pain  
Not today  
The pain wont go away  
Not today.....
