

# Avulsed, Skinless

(music: furni 6/98)  
(lyrics: dave rotten)

beauty obsession

horror to decay  
she didn't want - time to pass  
aesthetic surgery  
the only way - to keep youth

(chorus:)  
deformed  
human freak  
monstrous  
skinless

clinic was her home  
the surgeon - her best friend  
transforming body parts  
no matter what - again and again

(chorus:)  
deformed  
human freak  
monstrous  
skinless

but her skin - was getting - emaciated  
every time - a surgery - was done  
she didn't know - her cells - couldn't resist  
so many - transplants - from others' skin

amorphous livid cheekbones  
distorted burnt eyebrows  
skinned bleeding bruised lips  
crushed rotting tight nose  
sunken scratched forehead  
dislocated deformed jaw

her face was totally disfigured  
beauty turned into rotting skin  
her perdition was to be conceited  
now she's got a horrid grotesque face

(chorus:)  
deformed  
human freak  
monstrous  
skinless

(chorus:)  
deformed  
human freak  
monstrous  
skinless
