

Axamenta, Ravager 1.6.6.3.

(Somewhere in Europe, spring 1663 A.D.)

A cesspool of virulent actors
Are infecting the malformation
Submerging nausea uncensored
The host failed the confrontation

Corrupting the organic structure
Rhe invader turns unshaded
Revealing metallic textures
Ravager procreated

The gates are closed, the roads are clogged
Panic roams free, ravager 1.6.6.3.
The masses bewildered, the marked ones avoided
Deathroll peaks, ravager 1.6.6.3.

The world evolves into it's scaffold
Drowning into the black invasion
A lurking putrescence untold
Pyromageddon, it's anti-creation

The gates are closed, the roads are clogged
Panic roams free, ravager 1.6.6.3.
The masses bewildered, the marked ones avoided
Deathroll peaks, ravager 1.6.6.3.
