

# Axel Rudi Pell, Legions Of Hell

From the distance came the thunder  
And took their breath away  
Eternal lights forever  
The price they had to pay

The storm of death is comin'  
Through the wind and rain  
The midnight bell is tolling  
The mob is on it's way

No one dared to stand in their way  
Or else they had to pay

They don't know, they don't know  
They're the legions of hell  
They don't know where to go  
And they're casting the spell

Echoes in the darkness  
Which are hiding from the light  
Wheels of time kept turning  
The moon ain't shining bright

Black sun on the horizon  
The air turned to dust  
Rules made from evil  
And the water turned to blood

No one dared to stand in their way  
Or else they had to pay

They don't know, they don't know  
They're the legions of hell  
They don't know where to go  
And they're casting the spell

They don't know, they don't know  
They're the legions of hell  
They don't know where to go  
And they're casting the spell

The forces of hell  
Infernal lights, demonic nights

They don't know, they don't know  
They're the legions of hell  
They don't know where to go  
And they're casting the spell

They don't know, they don't know  
They're the legions of hell  
They don't know where to go  
And they're casting the spell

We are the legion, the legions of hell  
When they're casting the spell, I wish you well  
From the distance from far away they had to pay, I wish you well  
That's why they are the legions of hell
