

# Axel Rudi Pell, No Chance To Live

## 1. Verse:

Living in cages, with fearful eyes of sorrow  
so sad and lonely on their own  
dumb and pushed off, no hopes for tomorrow  
trembling bones all alone

## Pre- Chorus:

Lost creatures running blind  
but you hope with all the tears you cried

## Chorus:

There's no chance to live  
another torture's passing by  
no chance to live  
don't want to die  
no chance to live  
hearing screams from above  
mistreated and crying (out) for love

## 2. Verse:

How can you do such bad things to me  
I cannot talk, can't defend and I'm not free  
where is the person which really really loves me  
and helps me to get out, to be free again

## Chorus ad-libs:

No chance to live...

much too young to die...  
raped souls on the way to the sky...

No chance to live...

Oh lord please hear me calling...  
I'm crying, crying out for freedom...
