

# Axel Rudi Pell, Only The Strong Will Survive

[1. Verse:]

They heard the call from the evil vault  
And raised their swords in the air  
Kings and Queens, the evil dreams  
Their hearts full of steel and despair

[Bridge:]

Rain and thunder  
The lightning strikes the earth  
And a thousand warriors  
They lived and died by the sword

[Chorus:]

On the run  
Only the strong will survive  
Get on down  
Can't escape from the hideaway  
On the run  
Only the strong will survive  
On the wings of no return  
Will they ever learn

[2. Verse:]

The battle cry, the call to die  
the witch is casting the spell  
"Oh Lord" they prayed, no time to wait  
don't want to fall into hell
